II. Answer the following question :

1 × 4 = 4 M

3. a) Can forests and vegetation help in reducing droughts ? How ?

(Or)

b) Read the passage and answer the following question.

Fishing is not the only occupation of the people in Bhavanapadu village.

They cultivate the land to grow crops and also rear animals and birds.

The village soil is mainly loamy and rice is the principal crop grown on it. Only a few acres of land are irrigated. Bhavanapadu lies at the tail end of Vamshadhara canal. Water comes to Bhavanapadu only after the fulfilment of the needs of the nearby village, Marripadu. Hence most of the agriculture in Bhavanapadu depends on the rain.

Q. What are the occupations of Bhavanapadu village ?

III. Answer the following question :

1 × 8 = 8 M

4. a) Observe the map and answer the following questions.

1. Which is the second smallest continent ?
2. Which is the second biggest continent ?
3. Which is the biggest continent ?
4. Which latitude can you find in the map ?
