

# FORMATIVE ASSESSMENT - I (T.S)

**7B**

**CCE MODEL**

## **SYLLABUS**

1. Integers
2. Fractions, Decimals and Rational numbers
3. Simple equations

**MATHEMATICS (EM)**

**CLASS - 7**

**Time : 45 Mins.**

**Marks : 20**

	Project Work	Creative Problems 5 to 10 with Solutions	Written Works	Slip Test	Total
Allotted Marks	10	10	10	20	50
Scored Marks					

**I. Solve the following problems :**

**$2 \times 2 = 4$  M**

1. Express - '6' as the difference between a negative integer and a whole number.

2. Write the information given in the picture in the form of an equation. Also, find 'y' in the following figure.

**II. Solve the following problem :**

**$1 \times 4 = 4$  M**

3. A) A rectangular sheet of paper is  $5\frac{2}{3}$  cm long and  $3\frac{1}{5}$  cm wide. Find its perimeter.

**(Or)**

B) Solve the following.

- i)  $17 - (-14)$
- ii)  $13 - (-8)$
- iii)  $25 - 33$
- iv)  $32 - (-18)$
